TOO MUCH EFFORT TO KEEP SITUATION IS NOT SO ALARMING MORMONS OUT OF OFFICE.

SENATOR Reed Smoot spoke at the tabernacle yesterday on the subject of race suicide. He deplored in strong terms the modern her Asiatic squadron is on actendency of childless marriages and he count of the "alarming reports"

if there are any Mormons who did not attend the services at the tabernacle yesterday it is probably due to the-fact that they could not get in. At the morning and afternoon exercises the great edifice was, choked to the doors by the throngs which filled every seat and packed the teachings of the Mormon faith and urged believers to be true to the church. The world was reproached for its indifference to this faith, the Gentile churches were criticised for their attitude to the Mormon church and the laify was reproved for not giving strict obedience to the church laws.

The music was also one of the features. There was a full choir, and solos, duets and quaristtes were among the special features. The best singers in the city contributed their services to this part of the service, and to accommodate those who could not get into the tabernacle an overflow meeting was held in the Assembly hall.

Mormons and Offices.

The feature of the morning session was the address by J. Golden Kimball, in which he scored the nation for attempting to keep Mormons out of office, excathed the other churches and raked his own brethren over the coals for laxity in the performance of their duties.

"I believe it proper for us to be conservative," said he, "but there are some things that I would like to talk to you about. One thing is the Bible, which, we claim is true in so far as it (Continued on Page 2.)"
